On Bohemia-César Graña 1990-01-01 Bohemia has been variously defined as a mythical country, a state of mind, a tavern by the wayside on the road of life. The editors of this volume prefer a leaner definition: an attitude of dissent from the prevailing values of middle-class society, one dependent on the existence of caf life. But whatever definition is preferred, this rich and long overdue collective portrait of

Malcolm Cowely, Norman Podhoretz, Norman Mailer, Theophile Gautier, Honore de Balzac, Mary Austin, Stefan Zweig, Nadine Gordimer, and Ernest Hemingway. Social scientists are well represented by Cesar Grana, Ephraim Mizruchi, W.I. Thomas, Florian Znaniecki, Harvey Zorbaugh, John R. Howard, and G. William Domhoff, among others. The volume is sectioned into major themes in the history of Bohemia: social and literary origins, testimony by the participants, analysis by critics of and crusaders for the bohemian life, the ideological characteristics of the bohemians, and the long term prospect as well as retrospect for bohemianism as a system, culture and ideology. The editors have provided a framework for examining some fundamental themes in social structure and social deviance: What are the levels of toleration within a society? Do artists deserve and receive special treatment by the powers that be? And what are the connections between bohemian life-styles and political protest movements? This is an anthology and not a treatise, so the reader is free to pick and choose not only what to read, but what sort of general patterns are essential and which are transitional. This collection, initiated by the late Cesar Grana, has been completed and brought to fruition by his wife Marigay Grana. Cesar Grana was, prior to his death, professor of sociology at the University of California in San Diego. Among his major books is Meaning and Authenticity, also available from Transaction. Marigay Grana was formerly an urban planner and designer in San Diego. She now is a free-lance editor living in Santa Fe, New Mexico.

Bohemia in America, 1858-1920: Joanna Levin 2009-10-21 Bohemia in America, 1858–1920 explores the construction and emergence of "Bohemia" in American literature and culture. Simultaneously a literary trope, a cultural nexus, and a socio-economic landscape, la vie bohème traveled to the United States from the Parisian Latin
Quarter in the 1850s. At first the province of small artistic coteries, Bohemia soon inspired a popular vogue, embodied in restaurants, clubs, neighborhoods, novels, poems, and dramatic performances across the country. Levin's study follows la vie bohème from its earliest expressions in the U.S. until its explosion in Greenwich Village in the 1910s. Although Bohemia was everywhere in nineteenth- and twentieth-century American culture, it has received relatively little scholarly attention. Bohemia in America, 1858–1920 fills this critical void, discovering and exploring the many textual and geographic spaces in which Bohemia was conjured. Joanna Levin not only provides access to a neglected cultural phenomenon but also to a new and compelling way of charting the development of American literature and culture.

Contemporary Bohemia: A Case Study of an Artistic Community in Philadelphia—Geoffrey Moss

2019-05-10 This book presents an investigation and assessment of an artistic community that emerged within Philadelphia’s Fishtown and the nearby neighborhood of Kensington. The book starts out by examining historical and sociological work on bohemia, and then provides a detailed history of greater Philadelphia and the Fishtown/Kensington region. After analyzing the ways in which Fishtown/Kensington’s artistic community maintains continuity with bohemian tradition, it demonstrates that this community has decoupled traditional bohemian practices from their anti-bourgeois foundation. The book also demonstrates that this community helped generate and maintains overlapping membership with a larger community of hipsters. It concludes by defining the area’s artistic community as an artistic bohemian lifestyle community, and argues that the artistic activities and cultural practices exhibited by the community are not unique, and have significant implications for urban artistic
policy, and for post-industrial urban society.

**The Bohemian Ethos**-Judith R. Halasz 2015-02-11 The iconoclastic ingenuity of bohemians, from Gerard de Nerval to Allen Ginsberg, continually captivates the popular imagination; the worlds of fashion, advertising, and even real estate all capitalize on the alternative appeal of bohemian style. Persistently overlooked, however, is bohemians' distinctive relationship to work. In this book, sociologist Judith R. Halasz examines the fascinating junctures between bohemian labor and life. Weaving together historiography, ethnography, and personal experiences of having been raised amidst downtown New York's bohemian communities, Halasz deciphers bohemians' unconventional behaviors and attitudes towards employment and the broader work world. From the nineteenth-century harbingers on Paris' Left Bank to the Beats, Underground, and more recent bohemian outcroppings on New York's Lower East Side, The Bohemian Ethos traces the embodiment of a politically charged yet increasingly precarious form of cultural resistance to hegemonic social and economic imperatives.

Artistic Enclaves in the Post-Industrial City
Geoffrey Moss 2017-03-20
This SpringerBriefs presents a case study and theoretical analysis of an artistic enclave that emerged within Lawrenceville Pittsburgh. It briefly describes the history of greater Pittsburgh, and Lawrenceville’s transition from thriving blue-collar community to depopulated low-income neighborhood to gentrifying site of artistic and creative culture. It draws on multiple methods (e.g., interviews, observations, and survey data) to discuss the advantages and disadvantages associated with being a Pittsburgh artist, and offer a detailed description of the origins and ongoing development of Lawrenceville’s artistic enclave. It discusses this enclave in the context of sociological, historical, and interdisciplinary work on urban artistic communities (i.e., bohemian and quasi-bohemian communities), and situates it within the larger urban artistic tradition, and within its contemporary urban context. It maintains that this enclave constitutes a successful (i.e., sustainable) example of an artistic creative class enclave, a heuristic concept that clarifies and amends Richard Florida’s brief commentary on contemporary urban artistic life. It concludes by offering policy suggestions for those who wish to promote such enclaves, and a preliminary critical appraisal of their potential impact on society.

The Cambridge History of Twentieth-Century English Literature - Laura Marcus 2004
This new Cambridge History is the first major history of twentieth-century English literature to cover the full range of writing in England, Scotland, Wales and Ireland. The volume also explores the impact of writing from the former colonies on English literature of the period and analyses the ways in which conventional literary genres were shaped and inflected by the new cultural technologies of radio, cinema and television. In providing an authoritative narrative of literary and cultural production across the century, this History acknowledges the claims for innovation and modernisation that characterise the beginning of the period. At the same time, it attends analytically to the more profound patterns of continuity and development which avant-garde tendencies characteristically underplay.

Anne's Bohemia - Alfred Thomas 1998
Ten chapters examine aspects of medieval Czech literature, with particular emphasis on women readers and subjects and the influence of the church. Individual manuscripts examined include The Dalimil Chronicle, The Ointment Seller, The Legend of Saint Procopius, The Life

A Moment's Monument - Sharon Hecker 2017-06-13

Medardo Rosso (1858–1928) is one of the most original and influential figures in the history of modern art, and this book is the first historically substantiated critical account of his life and work. An innovative sculptor, photographer, and draftsman, Rosso was vital in paving the way for the transition from the academic forms of sculpture that persisted in the nineteenth century to the development of new and experimental forms in the twentieth. His antimonumental, antiheroic work reflected alienation in the modern experience yet also showed deep feeling for interactions between self and other. Rosso’s art was also transnational: he refused allegiance to a single culture or artistic heritage and declared himself both a citizen of the world and a maker of art without national limits. In this book, Sharon Hecker develops a narrative that is an alternative to the dominant Franco-centered perspective on the origin of modern sculpture in which Rodin plays the role of lone heroic innovator. Offering an original way to comprehend Rosso, A Moment’s Monument negotiates the competing cultural imperatives of nationalism and internationalism that shaped the European art world at the fin de siècle.

Many of today’s most troubling environmental and economic issues have come to seem insoluble: carbon emissions, overshoot, inequality, joblessness, and a dysfunctional food system. Can we change direction, move away from business as usual, and achieve a more sustainable, empowering, and humane economy? Through a fascinating array of illuminating case studies, this hope-filled book affirms that we can. In locations across the United States and around the globe, local participants are forging their own versions of small-scale, low-footprint, high-satisfaction lifestyles and communities. From raw-milk consumers and members of alternative agricultural initiatives to time bankers, artisan producers in the Aude region of France, and bicycle mechanics on the South Side of Chicago, individuals and small groups are exploring the practice of plenitude. Their efforts demonstrate how social and economic transformation happens and suggest new paths toward larger-scale change and a richer quality of life for all.

In 16 compelling essays about American culture & politics, this author, a scion of the world renowned musical Menuhin family, mixes it up with royalty, revolutionaries, murderers, celebrities & visionaries in a journey that juxtaposes his uncle - classical violinist Yehudi Menuhin - & Frank Zappa. For four decades the author has roamed the underground, writing extensively on his own unique & endearing vision. He has written for & worked at the Los Angeles Free Press, the Los Angeles Times, the Daily News, the Washington Post, the San Francisco Chronicle.
& Psychology Today. His work is often nationally syndicated & anthologized in important books such as Unknown California: Classic & Contemporary Writing on California Culture, Society, History & Politics (Macmillan) & On Bohemia: The Code of the Self-Exiled (Transaction). The author's eclectic musical world includes giants like Woody Guthrie, Janis Joplin, Darius Milhaud, Mario Castelnuovo-Tedesco, Gregor Piatigorsky, Joseph Szigeti, Earl "Fatha" Hines, Arnold Schoenberg, Sonny Terry, Brownie McGee & Hoyt Axton. But music isn't everything. As author of the classic Literary L. A. (Chronicle Books) & In Search of Literary L. A. (California Classics Books), he ranges among such nobles as Mark Twain, Truman Capote, Jack Kerouac, Upton Sinclair, Thomas Mann, Howard Fast, Malcolm Lowry, Carl Sandburg & his own godmother, Willa Cather. As a journalist, he has written with intimate knowledge about Cleveland Amory, Herb Caen, Warren Hinckle & General Harrison Gray Otis, founder of the Los Angeles Times. His political coverage is massive, ranging from Abba Eban to Ronald Reagan to Jim Garrison & the Kennedys. In the meanwhile, folks like Ed Asner, Ed Sullivan & Oliver Stone populate his Hollywood narrative. These tales collectively rip the masks off the politics, culture & society of the last four decades of the 20th century. Readers will meet some strange, shadowy figures, but also some beautiful visionaries.

Fact and Symbol-CÃ©sar GraÃ±a 1994-01-01 Graa's work critically examines the continual rebirth of cultural romances on the part of literary intellectuals. His disdain for contrived rejections of modernity and
for grand destructive gestures is combined with his intense appreciation of the romantic sensibility. Fact and Symbol embodies Graa's views of the enterprise of cultural sociology in which both words are given equal play.
