**Eurocentrism** is a worldview that is centred on Western civilisation or a biased view that favours it over non-Western civilisations. The exact scope of Eurocentrism varies from the entire Western world to just the continent of Europe or even more narrowly, to Western Europe (especially during the Cold War). When the term is applied historically, it ...

**Eurocentrism and Its Discontents | Perspectives on History**

01/01/2001 · Europeanists and Americanists still often view our work as contributing to knowledge of particular places rather than to broad debates. Even when we attempt to speak generally, we are often read as merely providers of exotic data. And our sense of struggling for
respect on an uneven playing field is continually reinforced by state-of-the-field essays that purport to speak about the discipline

**Eurocentrism and its Impact on Shaping the Historical**

06/12/2017 · Eurocentrism and its Impact on Shaping the Historical Legacy of Native Americans. Eurocentric worldviews often have been used to shape the historicity of Native Americans. There remains a widespread sentiment that the Indigenous populations of the Awarak, Taino, and Lucayan from which Italian explorer Christopher Columbus discovered in 1492 was, by many accounts, "barbaric savages"

**Three-age system - Wikipedia**

Eurocentrism Another common criticism attacks the broader application of the three-age system as a cross-cultural model for social change. The model was originally designed to explain data from Europe and West Asia, but archaeologists have also attempted to use it to explain social and technological developments in other parts of the world such as the Americas, Australasia,
and Africa. [95]
