

Rhodesia and Independence-Kenneth Young 1969

The Question of Greek Independence-Charles William Crawford 1930

British Diplomacy and Turkish Independence-Great Britain. [Appendix. - History & Politics. - I. 1838.] I 1838

Kenya and Brazil after Independence-Poppy Cullen 2017-07-30 This book explores British post-colonial foreign policy towards Kenya from 1895 to 1980. It reveals the extent and nature of continued British government influence in Kenya after independence. It argues that this was not simply about neo-colonialism, and Kenya's elite had no interest in maintaining such agency. The first section addresses how local experiences of the policy was experienced in the High Commissions and diplomacy. It emphasises contingency, with policy produced through shared interests and interaction with leading Kenyans. It argues that British policy makers helped to create and then reinforced Kenya's neo-patrimonialism. The second part examines the economic, military, personal and diplomatic networks which successive British governments sustained with independent Kenya. A combination of interlinked interests encouraged British officials to place a high value on this relationship, even as their world commitments diminished. This book appeals to those interested in Kenyan history, post-colonial Africa, British foreign policy, and forms of diplomacy and policy-making.

British Government Policy and Decolonisation, 1945-1963-Frank Heinson 2002 Examines the views of the Empire and Commonwealth held by British policy makers during the two decades after World War II, arguing that the institutional framework of the formal and informal empire and the Commonwealth was considered necessary and useful to promote British interests.

The United States Role in Indian Independence-Richard Nelson Davies 1970

British Foreign Policy in the Age of the American Revolution-Hamish M. Scott 1989 Examines the nature and role of British policy in the age of the American Revolution, and the reasons why, unlike her other 18th-century conflicts, Britain fought that war without a major European ally.

British Policy in Aden and the Protectorates 1953-67-Spencer Murdoch 2006-05-18 This is the first detailed account of the confrontation between Britain and President Nasser of Egypt over the Colony of Aden and the surrounding protected states, prior to British withdrawal in 1967. Paying particular attention to the conflicting goals of Arab nationalism and British imperialism, it is argued that British attention for this campaign was not solely material but was partly derived from a determination to contain Nasser's influence and to guarantee a continuation of British rule. In this manner, the British policy toward the region was shaped by its imperial interests, a determination to contain Nasser's influence, and the need to maintain a buffer zone between the Middle East and the United Nations. This book contributes to our understanding of the role of British policy in the region during this period.

Palestine to Israel-Michael Joseph Cohren 1988 This collection of articles analyzes the undercurrents of motivation, strategy and interests which lay behind "Great Power" (British and post-World War II) involvement in Palestine and the Middle East, from 1917 to 1948.

British Policy and the Turkish Reform Movement-Frank Edgar Bailey 1970

What America Did for India's Independence-M. N. Gulati 2004 India Was Not Alone In Its Fight Against British Imperialism And Colonialism. For Four Years, Hitler's Germany Was Always At Hand To Extend Moral And Material Support. It Is Agreed That The Official Policy Of The Administration Followed A Roller-Coster Track In Support Of India, There Is No Denying That The Fact That The American Congress, Public And The Media, Print As Well As Electronic, Went Out Of Its Way To Render Political, Moral And Financial Support. The Book Covers The Economic And Military Power Was On The Wane, Whilst Support For The Nationalist Struggles In The Middle East And The United Nations Was Increasing. He Goes On To Suggest That British Policy And The Conduct Of Military Campaigns Facilitated The Emergence Of A Radical Brand Of Arab Politics In South-Western Arabia. By demonstrating the manifest failure of the British imperial policy in the Middle East in the late 1940s and early 1950s, this volume provides an important insight into the unique and unacknowledged role of Eden in the history of British decolonisation.

The Business of Decolonization-P. A. Reynolds 1954

British Foreign Policy in the Inter-War Years

Ambivalent Anti-colonialism-Cary Fraser 1994 Until recently, historians have depicted the Commonwealth as a colonial realm governed by the relationship with Britain and with limited influence over its affairs. In this volume, Cary Fraser explores the complex and varied relationship between the United States and the Commonwealth, and the ways in which it was shaped by various factors such as economic interests, political considerations, and cultural influences.

Anglo-Ethiopian Relations, 1869 to 1906-Krishnamurti Venkat Raman 2009 This book examines the dynamics of Anglo-Ethiopian relations covering the period from 1869 to 1906. It makes a comprehensive study of the factors that influenced British policy in Ethiopia such as the British interests in the Red Sea and Egypt, and Ethiopian support for the Italian liberation movement against Italian aggression in Italy and Iraq. It provides a unique perspective on the history of Ethiopia's relations with Britain and offers valuable insights into the interactions between these two nations.

The British Attitude Toward the Independence of the South American Republics-Peter Zarrow 1912-01-04 First published in 2008. Routledge is an imprint of Taylor & Francis, an informa company.

A Sentiment of Independence-Hong Chiou Cha 1964

Independent Diplomat-Carrie Ross 2007-04-26 For more than 15 years, Ross was a British diplomat, working on international crises, including the war in Afghanistan. Here he provides a compelling account of what’s wrong with contemporary diplomacy and offers a bold new vision of how it might be put right.

The Business of Decolonization: E. Stockwell 2000 The Business of Decolonization serves to deepen our understanding of the end of the British empire, too often approached as if it was a process shaped and experienced exclusively by nationalist and imperial politicians and policy-makers. It explores British empire's complex, many-sided, and often contradictory role, especially in the post-colonial development of the empire's role in the region. Drawing on an extensive range of company, business association, personal, and official papers, the book focuses primarily on company activity. However, it also covers the more general questions of British influence on the region's political development.

Independent Diplomat: Carrie Ross 2007-04-26 In 2007, Carrie Ross wrote a book entitled Independent Diplomat, which examines the role of British diplomats in international politics, including the war in Afghanistan. Here he provides a compelling account of what’s wrong with contemporary diplomacy and offers a bold new vision of how it might be put right.
